

Computer Science: Year 11 Mock 2024

Being Organised

Every pupil has been issued with a revision guide and a revision practice workbook and flash cards. Knowledge organisers for both paper 1 and paper 2 have also been issued to pupils. The pupils have exercise books and folders to hold their classwork and revision session materials. For each lesson pupils should have their exercise books, textbooks and folders.

Independent Revision

In addition to your homework, you could use Smart Revise to complete practice exam questions on both paper 1 and paper 2 topics. You could also go over the revision booklet materials you have been provided looking at key terminology and creating mind maps of each topic and the key terminology associated with each topic.
