

Post Assessment Work in Preparation for Final Term

Subject: Geography

Key Advice for Exam Preparation / Revision	<p>The lead up to exams is a critical time to address gaps from your mock exams.</p> <ol style="list-style-type: none">1. Look at past exam papers and annotate the questions using the mark schemes where you have lost marks.2. Use Exam Pro to BUG exam questions and create plans3. Prepare revision cards of AO1 facts – this is good practice for you 10 key facts that are essential in 20-mark essays
Activities to complete	<ol style="list-style-type: none">1. Past Papers Please complete the past papers using our usual approach; answer the question, check the mark scheme, green pen your response and then move onto the next question.2. A01 Retrieval Create flashcards on the key facts you need for each topic – apart from Changing Places3. Create topic mind maps for each topic:<ul style="list-style-type: none">• Water and carbon• Glaciation• Hazards• Urban• Global Governance <p>Highlight key connections and concepts between the topics e.g. impacts of the water cycle on urban environments / climate change and global governance</p>
