

Post Assessment Work in Preparation for Final Term

Subject: Physics

Key Advice for Exam Preparation / Revision	Review your mocks in detail thinking about your weak areas, exam technique, timings etc. Use this to make a weekly revision plan up until you're A level exams.
Activities to complete	<ul style="list-style-type: none">- Continue to develop your student notes using text book / revision guide / class notes- Re-read flash cards to ensure definitions and key equations are understood & memorized- Complete as many past paper questions as possible – complete this in exam conditions. Scrutinize the mark scheme to ensure correct terminology used
Online Resources	https://www.physicsandmathstutor.com/ use this website for notes / flash cards / past exam questions
Key Reading	Use Hodder education link (physics review) for wider reading around the course.
Link to Exam Board Past Papers	https://www.aqa.org.uk/find-past-papers-and-mark-schemes?qualification=A-level%20Physics
Other	Remember you have booklets of past exam questions for every topic. Spend time going over these, looking at the mark schemes, completing any questions which are still to be done. Remember to continue attending Physics after school support sessions on Thursday nights in Lab 11.
