Key Advice for Exam Preparation / Revision Activities to complete	<p>Being Organised</p> <p>Every student has four folders which contains the contextual knowledge, student's own work together with exemplar responses, intervention ideas and Green Pen responses. These should be carefully organised into the three areas covered: Paper 1: UK Politics; Paper 2: UK Government; Papers 1 & 2: Political Ideologies; Paper 3: Comparative US Politics. Students should have an excellent working knowledge of this information and catch up with any work that they have missed.</p> <p>THIS IS THE BEST PLACE TO START REVISION.</p> <p>Each student can be issued with revision guides to cover each of the topics studied that have additional material to further aid revision; these include subject content, exam questions, model answers, revision tips & exam technique.</p> <p>Independent Revision</p> <p>Alongside all of the work covered during the course and the revision materials, students could independently access the online materials listed below. In addition to this, students should also fully utilise their textbooks and revision materials as well as clarifying any points with their teachers.</p>
