

**Year 13 Mock Preparation – W/B 6<sup>th</sup> January 2026**

**Post Assessment Work in Preparation for Final Term**

**Subject: Media Studies**

<b>Key Advice for Exam Preparation / Revision</b>	<p>Every student has a Marked Work folder which contains the student's own work together with exemplar responses, Intervention ideas and Green Pen responses. Each pupil also has a folder which includes all PowerPoints, notes, and fact sheets given out from different parts of the course. These should be carefully organised into the areas covered for: Component 1 and Component 2. This is the best place to start revision.</p> <p>Each student has also been issued with 2 text books, and fact sheets for every product that have additional material to further aid revision. These include exam questions and model answers.</p>
<b>Activities to complete</b>	<p>Alongside all of the work covered during the course and the revision materials, students should independently access the online materials listed below. A review of each product, the context it was made in, and revision of all relevant theorists is essential.</p>
